Professional Development Teachers Retreat!

Join us for our first **Jazz Across the Curriculum Professional Development Retreat**. JHK will immerse educators in a jazz environment where they will experience jazz combined with other disciplines, and come to see endless possibilities for bringing jazz into ANY classroom. **Why?** Because overwhelming evidence supports that music education enhances social skills, and increases cognitive abilities in young people. Upon completion, educators will begin to design their own jazz-based units, and return to their schools to implement what they've learned.
